What are the 8 Bagiche?

Instead of 40 disconnected lines, we create one connected journey.

40 चौपाइयाँ

The complete Hanuman Chalisa

8 बगीचे

8 themed gardens, 5 chaupais each

5 Memory Anchors

5 vivid landmarks per garden

एक यादगार यात्रा

One memorable journey

रट्टा नहीं — कहानी और चित्रों से याद करें।

Not rote memorization — remember through story and images.

How to use a Memory Anchor

A Memory Anchor is a vivid image — an object, place, action, or symbol — that holds one part of the journey. You move through 5 anchors in sequence, like walking through a garden.

Each Bagicha is one garden. 5 anchors = 5 landmarks inside it.

You don't memorize lines — you remember a journey.
